To Be Held Tuesday, September 13, 2016

SOLICITATION OF PROXY

The accompanying proxy is solicited on behalf of the Board of Directors of Mexco Energy Corporation for use at the Annual Meeting of Stockholders to be held at 2:00 p.m., Central Daylight Time, on Tuesday, September 13, 2016 at the Petroleum Club of Midland, 501 West Wall, Midland, Texas 79701 and at any adjournment or postponements thereof ("Annual Meeting"). In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegraph by officers, directors and other employees of Mexco, who will not receive additional compensation for such services. We may also request brokerage houses, nominees, custodians and fiduciaries to forward the soliciting material to the beneficial owners of stock held of record and will reimburse such persons for forwarding such material. We will bear the cost of this solicitation of proxies. Such costs are expected to be nominal. Proxy solicitation will commence with the mailing of this Proxy Statement on or about August 1, 2016.

Any stockholder giving a proxy has the power to revoke the same at any time prior to its exercise by executing a subsequent proxy or by written notice to the Secretary of the Company or by attending the meeting and withdrawing the proxy.

As used in this document, "the Company", "Mexco", "we", "us" and "our" refer to Mexco Energy Corporation and its consolidated subsidiaries.

PURPOSE OF MEETING

As stated in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, the business to be conducted and the matters to be considered and acted upon at the Annual Meeting are as follows:

1. Electing Directors of the Company;
2. Ratifying the selection of Grant Thornton LLP as Mexco's independent registered public accounting firm for the fiscal year ending March 31, 2017; and
3. Considering all other matters as may properly come before the meeting.

VOTING RIGHTS

Right to Vote and Record Date

The voting securities of Mexco consist solely of common stock, par value \$0.50 per share ("Common Stock").

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on July 22, 2016, at which time there were 2,037,266 shares of Common Stock entitled to vote at the meeting. Stockholders are entitled to one vote, in person or by proxy, for each share of Common Stock held in their name on the record date.

Quorum

Stockholders representing a majority of the Common Stock outstanding and entitled to vote must be present or represented by proxy to constitute a quorum. Abstentions and broker non-votes will be counted as present for the purpose of determining whether a quorum is obtained.

Voting at the Annual Meeting

This Proxy Statement was sent to all stockholders of record. If your shares are registered directly in your name with Computershare, Inc., you are the “stockholder of record” and may vote the shares at the annual meeting or by proxy by following the voting instructions on the enclosed proxy card. Alternatively, if your shares are held in an account at a broker, brokerage firm, bank or other similar organization, your shares are held in “street name” and you are the “beneficial holder”. The organization holding your shares is the “stockholder of record” for purposes of voting the shares at the annual meeting. As the beneficial owner, you have the right to direct that organization on how it should vote the shares held in your account by following the voting instructions on the enclosed proxy card.

Whether or not you are able to attend the meeting, we urge you to vote by proxy.

Vote Required

All proposals will require the affirmative vote of a majority of the Common Stock present or represented by proxy at the meeting and entitled to vote thereon. Cumulative voting for directors is not authorized.

With regard to the election of directors, votes may be cast “For”, “Against” or “Abstain” for each nominee. The election of directors is a non-routine proposal which means a broker can only vote your shares if the broker receives instructions from you. Otherwise, your shares will not be voted on this proposal. Abstentions and broker non-votes will not be counted as votes “For” or “Against” the election of a director.

With regard to the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2017, votes may be cast “For”, “Against” or “Abstain” for the proposal. The ratification of Grant Thornton LLP is a routine proposal which means a broker has discretion to vote your shares even if the broker does not receive voting instructions from you. An abstention will have the same effect as a vote against the proposal. Broker non-votes will have no effect on determining whether the selection of Grant Thornton LLP has been ratified.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining whether a quorum is present. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will be treated as not present at the meeting and not entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter from which abstained.

If the enclosed Proxy is properly executed and returned prior to the Annual Meeting, the shares represented thereby will be voted as specified therein. IF A STOCKHOLDER DOES NOT SPECIFY OTHERWISE ON THE RETURNED PROXY, THE SHARES REPRESENTED BY THE STOCKHOLDER'S PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED BELOW UNDER "ELECTION OF DIRECTORS", FOR THE APPOINTMENT OF GRANT THORNTON LLP AND ON SUCH OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

PROPOSAL 1: ELECTION OF DIRECTORS

At the Annual Meeting to be held on September 13, 2016, six persons are to be elected to serve on the Board of Directors (the “Board”) for a term of one year and until their successors are duly elected and qualified. All of the nominees are current directors and have announced that they are available for reelection to the Board. The Company’s nominees for the six directorships are:

Michael J. Banschbach
Kenneth L. Clayton
Thomas R. Craddick
Paul G. Hines
Christopher M. Schroeder
Nicholas C. Taylor

The election of each nominee requires that the number of votes cast “FOR” the nominee’s election exceed the votes cast “AGAINST” that nominee’s election.

MEXCO ENERGY CORPORATION BOARD OF DIRECTORS

The Board has responsibility for establishing broad corporate policies and for overall performance and direction of the Company. From July 1993 to the present, Mr. Taylor has been involved in the independent practice of law and other business activities including independent oil and gas exploration and production. For more than the prior 19 years, he was a director and shareholder of the law firm of Stubbeman, McRae, Sealy, Laughlin & Browder, Inc., Midland, Texas, and a partner of the predecessor firm. In November 2005 he was appointed by the Speaker of the House to the Texas Ethics Commission for a term of five years, where he served until February 2010.

DIRECTOR INDEPENDENCE

In accordance with Section 803A of the NYSE Market Company Guide and under the Exchange Act, the Board must affirmatively determine the independence of each director. The Board has determined each of the following directors to be an "independent director" as such term is defined in said rules: Michael J. Banschbach, Kenneth L. Clayton, Paul G. Hines and Christopher M. Schroeder. In this proxy statement these four directors are referred to individually as an "Independent Director" and collectively as the "Independent Directors." The Board is comprised of a majority of Independent Directors and the Audit Committee, the Compensation Committee and the Nominating Committee are comprised entirely of Independent Directors.

In addition, the Board has determined that Mr. Hines, Chairman of the Audit Committee, is an "audit committee financial expert" (as that term is defined under the applicable SEC rules and regulations) based on the Board's qualitative assessment of Mr. Hines' level of knowledge, experience (as described above) and formal education.

DIRECTOR QUALIFICATIONS

Each nominee brings a unique set of skills to the Board of Directors. The Board believes the nominees as a group have the experience and skills in areas such as the oil and gas industry, finance, risk management and corporate governance that are necessary to effectively oversee our company. Set forth below are the conclusions reached by the Board as to why each nominee is qualified for service as a director of our company.

Mr. Banschbach is a Chemical Engineer and has over 30 years experience in the oil and gas industry. Mr. Banschbach provides expertise in areas of evaluating and managing potential acquisition prospects.

Mr. Clayton has over 30 years of banking, property management, finance and legal experience. Mr. Clayton provides expertise in the areas of finance and management.

Mr. Craddick has over 40 years experience in the oil and gas production and service industry. Mr. Craddick provides expertise in the location and acquisition of properties.

Mr. Hines is a Certified Public Accountant and a former Chief Financial Officer and has extensive experience in the financial markets. Mr. Hines provides expertise in the areas of financial reporting, accounting, capital markets, internal controls and corporate governance.

Mr. Schroeder is a former Chief Executive Officer of several companies in the area of technology and Treasurer and Vice President of development of a public company. Mr. Schroeder provides expertise in the areas of management, entrepreneurship, financial reporting, accounting, capital markets, internal controls and corporate governance.

Mr. Taylor has been Mexco's Chief Executive Officer for over 33 years and has over 40 years of experience practicing law. Mr. Taylor provides expertise in the areas of evaluating, acquiring and managing oil and gas properties as well as exploration prospects.

BOARD LEADERSHIP STRUCTURE AND BOARD'S ROLE IN RISK OVERSIGHT

The Board of Directors does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board of Directors as the Board believes it is in the best interests of Mexco to make that determination based on the position and director of Mexco and the membership of the Board. At this time, the Board believes that the best leadership model for Mexco is the unitary leadership provided by the combination of the Chairman and Chief Executive Officer positions. On September 14, 2011, the Board announced the transition of Nicholas C. Taylor from President and Chief Executive Officer to Chairman of the Board and Chief Executive Officer and the transition of Tammy L. McComie from Executive Vice President and Chief Financial Officer to President and Chief Financial Officer effective immediately following the 2011 Annual Meeting.

The Board believes that Mexco will continue to benefit from Mr. Taylor's experience and expertise in the oil and gas industry while Ms. McComic's duties as President and Chief Financial Officer have been expanded. Also, in his role as Chairman, Mr. Taylor continues to serve an important role in Mexco's strategic direction.

We do not have a lead independent director as we believe the oversight provided by all of the Board's independent directors and the work of the Board's committees provide effective oversight of our strategic plans and operations.

Management is responsible for defining the various risks facing the company, formulating risk management policies and procedures and managing our risk exposure. The Board's responsibility is to monitor the Company's risk management processes by informing itself concerning our material risks and evaluating whether management has reasonable controls in place to address the material risks. The Audit Committee described below is primarily responsible for monitoring management's responsibility in the area of risk oversight. Accordingly, management regularly reports to the Audit Committee on risk management. The Audit Committee, in turn, reports on the matters discussed at the committee level to the full board. The Audit Committee and the full board focus on the material risks facing the Company to assess whether management has reasonable controls in place to address these risks.

The Board of Directors recommends that you vote FOR the election of each of the Director nominees.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal year ended March 31, 2016, the Board of Directors consisted of one person who is an employee of the Company and five persons who are not employees of the Company (four of which are outside directors). The Board held four meetings and all Directors, including the Independent Directors attended all four meetings.

The Board of Directors established the following standing committees: audit, compensation and nominating. In accordance with Section 803A of the NYSE Market Company Guide and the Exchange Act, the Board must affirmatively determine the independence of each director. The Board is comprised of a majority of Independent Directors and the Audit Committee, the Compensation Committee and the Nominating Committee are comprised entirely of Independent Directors.

Hines, Chairman, Banschbach, Clayton and Schroeder, all of whom are Independent Directors. The functions of the Audit Committee are to determine whether management has established internal controls which are sound, adequate and working effectively; to ascertain whether Mexco's assets are verified and safeguarded; to review and approve external audits; to review audit fees and appointment of the Company's independent public accountants; and to review non-audit services provided by the independent public accountants. The Audit Committee held four meetings during fiscal year ended March 31, 2016. All members of the Audit Committee attended these meetings in person or telephonically.

Clayton, Chairman, Banschbach, Hines and Schroeder, all of whom are Independent Directors. The Nominating Committee held one meeting during the fiscal year ended March 31, 2016, at which all members of the Nominating Committee were present. The primary function of the Nominating Committee is to determine the slate of Director nominees for election to the Company’s Board of Directors. The Nominating Committee considers candidates recommended by security holders, directors, officers and outside sources and considers criteria such as business experience, ethical standards and personal qualifications in evaluating all such nominees. Stockholders who wish to have their nominees for election to the Board of Directors considered by the Nominating Committee may submit such nomination to the Secretary of the Company for receipt not less than 80 days prior to the date of the next Annual Meeting of stockholders and include (i) the name and address of the stockholder making the nomination, (ii) information regarding such nominee as would be required to be included in the proxy statement, (iii) a representation of the stockholder, and the stockholder’s intent to appear in person or by proxy at the meeting to propose such nomination, and (iv) the written consent of the nominee to serve as a director if so elected.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and monitoring adherence to our compensation philosophy. The Compensation Committee seeks to provide total compensation paid to our executive officers that is fair, reasonable and competitive.

In this compensation discussion and analysis, the "Named Executive Officers" are as follows:

Nicholas C. Taylor	Chairman of the Board, Chief Executive Officer
Tamala L. McComic	President, Chief Financial Officer, Treasurer, Assistant Secretary
Donna Gail Yanko	Vice President, Secretary

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation for executive officers must be competitive to enable the Company to motivate and retain the talent needed to lead and grow the Company, reward successful performance and closely align the interests of our executives with the Company. The ultimate objective of our compensation program is to improve stockholder value.

In setting compensation levels, the Compensation Committee evaluates both performance and overall compensation. The review of executive officers' performance includes a mix of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual and continue to improve the environmental quality of the Company's operations.

In order to continue to attract and retain the best employees, the Compensation Committee believes the executive compensation packages provided to the Named Executive Officers should include both cash and stock-based compensation.

The Compensation Committee has not retained a compensation consultant to review the compensation practices of the Company's peers or to advise the Compensation Committee on compensation matters.

Competitive Considerations

We believe the competition for talented employees includes oil and gas exploration and development companies and oilfield service companies. Many of the companies with whom we compete for top level talent are larger and have more financial resources than we do. Both our Compensation Committee and CEO consider known information regarding the compensation practices of likely competitors when reviewing and setting the compensation of the Named Executive Officers.

Compensation Policies and Practices and Risk Mitigation

The Compensation Committee periodically reviews the Company's compensation policies and practices to ensure that they do not encourage excessive risk-taking. The Company believes that its compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company.

Role of Chief Executive Officer in Compensation Decisions

On an annual basis, our CEO reviews the performance of each of the other Named Executive Officers and, based on this review, makes recommendations to the Compensation Committee with respect to the compensation of the Named Executive Officers. The CEO considers internal pay equity issues, individual contribution and performance, competitive pressures and company performance in making his recommendations to the Compensation Committee. The Compensation Committee may accept or adjust such recommendations.

Establishing Executive Compensation

Consistent with our compensation objectives, the Compensation Committee has structured our annual and long-term incentive-based executive compensation to attract and retain the best talent, reward financial success and closely align executives' interests with the Company's interests. In setting the compensation, the Compensation Committee reviews total direct compensation for the Named Executive Officers, which includes salary, annual cash incentives and long-term equity incentives. The appropriate level and mix of incentive compensation is not based upon a formula, but is a subjective determination made by the Compensation Committee.

We do not have a policy of stock ownership requirements. In addition, we do not have any employment contracts or change of control agreements, although equity issued pursuant to our Stock Plans is subject to accelerated vesting as described below in “Potential Payments Upon a Change of Control or Termination”.

The Compensation Committee reviews compensation matters and usually performs its annual review of officer salaries during the first quarter of each fiscal year.

Elements of Compensation

Element	Form of Compensation	Purpose
Base Salary	Cash	Provide competitive, fixed compensation to attract and retain executive talent.
Short-Term Incentive	Cash Bonus	Create a strong financial incentive for achieving financial success and for the competitive retention of executives.
Long-Term Incentive	Stock Options and Restricted Stock Grants	Provide incentives to strengthen alignment of executive team interests with Company interests, reward long-term achievement and promote executive retention.
Insurance Benefits	Eligibility to participate in the plan available to our employees, including major medical, dental, life and short-term disability plans.	Plan is part of broad-based employee benefits.

Insurance Benefits, Defined Benefit Plans and Other Arrangements

We offer an insurance package to all eligible employees that includes major medical, dental and life insurance. The life insurance benefit provides for a maximum term payout of \$30,000. This package also provides for a short-term disability benefit with a maximum payout of \$200 per week for a term of up to 13 weeks.

Long-term incentive compensation for executive officers consists of only the 2009 Employee Incentive Stock Plan. The Company does not have a retirement or pension plan.

Potential Payments Upon a Change in Control or Termination

The Company does not have any employment contracts or change of control agreements. However, in the event of a change of control of the Company or termination under certain circumstances, awards granted under the Stock Plan shall become immediately vested and fully exercisable and shall remain exercisable until the expiration of the award or in the event the participant should die before the expiration of the term of the award until the earlier of the expiration of the term of the award or two years following the date of the participant’s death. Upon termination of employment, stock options held may be exercised to the extent such option was exercisable or in such accelerated basis as the Compensation Committee may determine.

If a change in control or termination of employment as described above were to have occurred as of March 31, 2016, 31,250 stock options held by our Named Executive Officers would have automatically vested.

The Compensation Committee was formed as of June 15, 2005 and Messrs. Branschbach, Clayton, Hines and Schroeder are current members thereof. No member of the Compensation Committee is an officer or employee of the Company. None of the Company's executive officers served on the Board of Directors or the Compensation Committee of any other entity, for which any officers of such other entity served either on our Board of Directors or the Compensation Committee. The Compensation Committee makes recommendations regarding compensation subject to approval of the entire Board of Directors.

CORPORATE GOVERNANCE AND CODE OF BUSINESS CONDUCT

The Board of Directors and management are dedicated to exemplary corporate governance and high standards of conduct and ethics. The Board adopted the Company's Code of Ethics and Business Conduct (the "Code") to inspire continuing dedication to the fundamental principles of honesty, loyalty, fairness and forthrightness. The Code applies to all employees including directors and executive officers. The Code can be found at www.mexcoenergy.com by clicking on "Investor Relations" then "Corporate Governance". Shareholders may request a free printed copy of the Code by contacting our Corporate Secretary at mexco@sbcglobal.net or by calling (432) 682-1119.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Transactions with related persons are reviewed, approved or ratified in accordance with the policies and procedures set forth in the Company's Code of Ethics and Business Conduct. The Audit Committee, pursuant to the Audit Committee Charter, has the responsibility to review, assess and approve or disapprove conflicts of interest and related-party transactions to ensure compliance with the Code.

The Code provides that directors, officers, and employees must avoid situations that involve, or could appear to involve, “conflicts of interest” with regard to the Company’s interest. Exceptions may only be made after review of fully disclosed information and approval of specific or general categories by senior management (in the case of employees) or the Board of Directors (in the case of officers or directors). Any employee, officer or director who becomes aware of a conflict or potential conflict of interest should bring the matter to the attention of appropriate personnel.

A “conflict of interest” exists when a person’s private interest interferes in any way with the interests of the Company. Conflicts of interest generally interfere with the person’s effective and objective performance of his or her duties or responsibilities to the Company. The Code sets forth several examples of how conflicts of interest may arise, including when a director, officer or employee or members of their immediate family, receive improper personal benefits because of their position with the Company; the Company gives loans to, or guarantees of obligations of directors, officers, employees or their immediate family members; or the director, officer, employee or their immediate family members use Company property or confidential information for personal use.

Each year we require all our directors, nominees for director and executive officers to complete and sign a questionnaire in connection with the solicitation of proxies for use at the Annual Meeting. The purpose of the questionnaire is to obtain information, including information regarding transactions with related persons, for inclusion in our Proxy Statement or Annual Report.

In addition, we annually review SEC filings made by beneficial owners of more than five percent of any class of our voting securities to determine whether information relating to transactions with such persons needs to be included in our Proxy Statement or Annual Report.

Based on these reviews, the Company discloses the following transaction: Our majority stockholder and Chief Executive Officer, Nicholas C. Taylor, shares office expenditures with Mexco.

The Audit Committee has selected and the Board of Directors has approved Grant Thornton LLP for appointment as our independent registered public accounting firm for the fiscal year ending March 31, 2017, subject to ratification by the stockholders. Neither the Company's bylaws nor other governing documents or law require shareholder ratification of the selection of Grant Thornton LLP as the Company's independent registered public accounting firm; however, the Company is submitting the selection of Grant Thornton LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may in its discretion direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Grant Thornton LLP served as the independent registered public accountants for the Company for the fiscal year ended March 31, 2016. REPORT OF THE AUDIT COMMITTEE

To the Stockholders of Mexco Energy Corporation:

It is the responsibility of the members of the Audit Committee to contribute to the reliability of the Company's financial statements. In keeping with this goal, the Board of Directors adopted a written charter, which is posted on the Company's website at www.mexcoenergy.com in the "Corporate Governance" area of the "Investor Relations" section. The Audit Committee is satisfied with the adequacy of the charter based upon its evaluation of the charter during fiscal 2016. The Audit Committee met four times during fiscal 2016. The members of the Audit Committee are independent directors.

The Audit Committee oversees the Company's financial reporting process on behalf of the entire Board of Directors. Management has the primary responsibility for the Company's financial statements and the reporting process, including the systems of internal controls. The primary responsibilities of the Audit Committee are to select and retain the Company's auditors (including review and approval of the terms of engagement and fees), to review with the auditors the Company's financial reports (and other financial information) provided to the SEC and the investing public, to prepare and publish this report and to assist the Board of Directors with oversight of integrity of the Company's financial statements; compliance by the Company with standards of business ethics and legal and regulatory requirements; qualifications and independence of the Company's independent auditors; and performance of the Company's independent auditors.

The Audit Committee does not provide any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the Company's quarterly and audited financial statements, including the quality of accounting principles with management and the independent accountants.

The Audit Committee also discussed with the independent auditors the matters required to be discussed by Rules on Auditing Standards No. 16, *Communications with Audit Committees*, as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). Additionally, the Audit Committee has received the written disclosures and the letter from the Company's independent accountants required by applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence and the Audit Committee has discussed with the Company's independent auditors the independent auditor's independence.

Audit fees billed to the Company by Grant Thornton LLP for the audit of the Company's annual consolidated financial statements included in its Annual Report on Form 10-K, the review of those financial statements included in the Company's quarterly reports on Form 10-Q and the review of the Company's other filings with the SEC including research work necessary to comply with generally accepted auditing standards totaled \$143,116 during the Company's 2016 fiscal year. STOCKHOLDERS PROPOSALS FOR NEXT ANNUAL MEETING

The next Annual Meeting of the Company's stockholders is scheduled to be held on September 12, 2017. Appropriate proposals of stockholders intended to be presented at the 2017 Annual Meeting must be received by the Secretary of the Company at the Company's offices at 214 West Texas Avenue, Suite 1101, Midland, Texas 79701, by March 31, 2017 in order to be considered by the Board of Directors for inclusion in the proxy solicitation materials for the 2017 Annual Meeting.

In addition, the Company's policy has established advance notice procedures to shareholders proposals not included in the Company's proxy statement, to be brought before an Annual Meeting. In general, the Secretary of the Company must receive notice of any such proposal not less than 80 days prior to the date of the Annual Meeting (in the case of the next Annual Meeting, on or prior to June 24, 2017) at the address of the Company's principal executive offices above. Such notice must include the information which would be required to be included in the proxy statement filed pursuant to the rules of the SEC had the proposal been made by the Board of Directors.

HOUSEHOLDING

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such beneficial stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our corporate secretary at our principal executive office mailing address, P.O. Box 10502, Midland, Texas 79702, telephone number (432) 682-1119. We will deliver, promptly upon written or oral request to the corporate secretary, a separate copy of the 2016 Annual Report and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered.

ACCESS TO REPORTS

Stockholders may obtain a copy of the Annual Report on Form 10-K and any of the other reports filed by Mexco with the SEC, free of charge, (1) from the SEC's website at www.sec.gov, (2) from our website at www.mexcoenergy.com, or (3) by writing to our Corporate Secretary at our principal executive offices, P.O. Box 10502, Midland, Texas 79702 or by email to mexco@sbcglobal.net.

OTHER MATTERS

We know of no other business which will be presented at the Annual Meeting other than as explained herein. Our Board of Directors has approved a process for collecting, organizing and delivering all stockholder communications to each of its members. To contact all directors on the Board, all directors on a Board committee or an individual member or members of the Board of Directors, a stockholder may mail a written communication to: Mexco Energy Corporation, Attention: Secretary, P.O. Box 10502, Midland, Texas 79702.
