## **PROXY STATEMENT ANNUAL MEETING OF STOCKHOLDERS To Be Held Thursday, September 15, 2009**

### **SOLICITATION OF PROXY**

The accompanying proxy is solicited on behalf of the Board of Directors of Mexco Energy Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Tuesday, September 15, 2009, and at any adjournment or postponements thereof. In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegraph by officers, directors and other employees of the Company, who will not receive additional compensation for such services. The Company may also request brokerage houses, nominees, custodians and fiduciaries to forward the soliciting material to the beneficial owners of stock held of record and will reimburse such persons for forwarding such material. The Company will bear the cost of this solicitation of proxies. Such costs are expected to be nominal. Proxy solicitation will commence with the mailing of this Proxy Statement on or about July 31, 2009.

Any stockholder giving a proxy has the power to revoke the same at any time prior to its exercise by executing a subsequent proxy or by written notice to the Secretary of the Company or by attending the meeting and withdrawing the proxy.

### **PURPOSE OF MEETING**

As stated in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, the business to be conducted and the matters to be considered and acted upon at the annual meeting are as follows:

1. Electing Directors of the Company;
2. Considering and voting upon a proposal to appoint Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2010;
3. Considering and voting upon a proposal to approve the Mexco Energy Corporation 2009 Employee Incentive Stock Plan; and
4. Considering all other matters as may properly come before the meeting.

### **VOTING RIGHTS**

The voting securities of the Company consist solely of common stock, par value \$0.50 per share ("Common Stock").

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on July 24, 2009, at which time there were 1,881,616 shares of Common Stock entitled to vote at the meeting. Stockholders are entitled to one vote, in person or by proxy, for each share of Common Stock held in their name on the record date.

Stockholders representing a majority of the Common Stock outstanding and entitled to vote must be present or represented by proxy to constitute a quorum.

All proposals will require the affirmative vote of a majority of the Common Stock present or represented by proxy at the meeting and entitled to vote thereon. Cumulative voting for directors is not authorized.

Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining whether a quorum is present. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will be treated as not present at the meeting and not entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter from which abstained.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded from the vote and will have no effect. Broker non-votes and other limited proxies will have no effect on the outcome of the election of directors.

With regard to the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2010, and the proposal to approve the Mexco Energy Corporation 2009 Employee Incentive Stock Plan, an abstention will have the same effect as a vote against the proposal. Broker non-votes and other limited proxies will have no effect on the outcome of the vote with respect to any of such proposals.

If the enclosed Proxy is properly executed and returned prior to the Annual Meeting, the shares represented thereby will be voted as specified therein. IF A SHAREHOLDER DOES NOT SPECIFY OTHERWISE ON THE RETURNED PROXY, THE SHARES REPRESENTED BY THE SHAREHOLDER'S PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED BELOW UNDER "ELECTION OF DIRECTORS", FOR THE APPOINTMENT OF GRANT THORNTON LLP, FOR THE APPROVAL OF THE MEXCO ENERGY CORPORATION 2009 EMPLOYEE INCENTIVE STOCK PLAN AND ON SUCH OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

## EMPLOYEE INCENTIVE STOCK OPTION PLANS

The Company currently has two equity compensation plans: the 1997 Employee Incentive Stock Plan (the "1997 Plan"), the 2004 Employee Incentive Stock Plan (the "2004 Plan") (collectively, the "Stock Plans").

The 1997 Plan provides for distribution, 350,000 shares of authorized but unissued common stock of the Company. Awards, granted at the discretion of the Compensation Committee of the Board, included stock options and restricted stock. Stock options were incentive stock options or non-qualified stock options. The exercise price of each option was not to be less than the market price of the Company's stock on the date of grant. The maximum term of the options is ten years.

The 2004 Plan replaced, modified and extended the termination date of the 1997 Plan to September 14, 2009. The 2004 Plan provides for the award of stock options up to 375,000 shares of which 125,000 may be the subject of stock grants without restrictions and without payment by the recipient and stock awards of up to 125,000 shares with restrictions including payment for the shares and employment of not less than three years from the date of the award. The terms of the stock options are similar to those of the 1997 Plan except that the term of the options is five years from the date of grant.

The proposed Mexco Energy Corporation 2009 Employee Incentive Stock Plan is described in detail below under "Proposal 3: Approval of the Mexco Energy Corporation 2009 Employee Incentive Stock Plan". Although shares are available under the 2004 Plan and the 1997 Plan, we will not issue shares from these plans in the future upon the adoption of the 2009 plan.

Restricted stock was to be granted with a condition to attain a specified goal. The purchase price was to be at least \$5.00 per share of restricted stock. The awards of restricted stock were to be accepted within sixty days and vest as determined by agreement. Holders of restricted stock were to have all rights of a shareholder of the Company. At March 31, 2009, no restricted stock had been granted under either plan.

The Company does not have any employment contracts or change of control agreements. However, the Stock Plans do permit accelerated vesting of stock awards in the event of a change of control.

The following table summarizes certain information, as of March 31, 2009, relating to the Company's Stock Plans. Both plans were approved by security holders.

	Number of Shares Authorized for Issuance under plan	Number of securities to be issued upon exercise of outstanding options	Weighted average exercise price of outstanding options	Number of securities remaining available for future issuance under plan
1997 Plan	350,000	95,750	\$ 5.75	-
2004 Plan	<u>375,000</u>	<u>53,000</u>	<u>\$ 6.56</u>	<u>303,000</u> (1)
Total	<u>725,000</u>	<u>148,750</u>	<u>\$ 6.04</u>	<u>303,000</u>

(1) These shares will no longer be available for award after adoption of the 2009 Plan.

### Compensation Philosophy and Objectives

The Compensation Committee believes that compensation for executive officers should be based upon the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and make the Company grow, reward successful performance and closely align the interests of our executives with the Company. The ultimate objective of our compensation program is to improve stockholder value.

In setting compensation levels, the Compensation Committee evaluates both performance and overall compensation. The review of executive officers' performance includes a mix of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company's services and operations.

In order to continue to attract and retain the best employees, the Compensation Committee believes the executive compensation packages provided to the Named Executive Officers should include both cash and stock-based compensation.

The Compensation Committee has not retained a compensation consultant to review the compensation practices of the Company's peers or to advise the Compensation Committee on compensation matters.

### **Competitive Considerations**

We believe the competition for talented employees goes well beyond the industry to include oil and gas exploration and development companies and oilfield service companies. Many of the companies with whom we compete for top level talent are larger and have more financial resources than we do. Both our Compensation Committee and President and Chief Executive Officer ("CEO") consider known information regarding the compensation practices of likely competitors when reviewing and setting the compensation of the Named Executive Officers.

### **Role of Chief Executive Officer in Compensation Decisions**

On an annual basis, our CEO reviews the performance of each of the other Named Executive Officers and, based on this review, makes recommendations to the Compensation Committee with respect to the compensation of the Named Executive Officers. The CEO considers internal pay equity issues, individual contribution and performance, competitive pressures and company performance in making his recommendations to the Compensation Committee. The Compensation Committee may accept or adjust such recommendations.

### **Establishing Executive Compensation**

Consistent with our compensation objectives, the Compensation Committee has structured our annual and long-term incentive-based executive compensation to attract and retain the best talent, reward financial success and closely align executives' interests with the Company's interests. In setting the compensation, the Compensation Committee reviews total direct compensation for the Named Executive Officers, which includes salary, annual cash incentives and long-term equity incentives. The appropriate level and mix of incentive compensation is not based upon a formula, but is a subjective determination made by the Compensation Committee.

We do not have a policy of stock ownership requirements. In addition, we do not have any employment contracts or change of control agreements.

The Compensation Committee reviews compensation matters from time to time during the year. The Compensation Committee usually performs its annual review of officer salaries during the first quarter of each fiscal year.

### **Elements of Compensation**

<b><u>Element</u></b>	<b><u>Form of Compensation</u></b>	<b><u>Purpose</u></b>
Base Salary	Cash	Provide competitive, fixed compensation to attract and retain executive talent.
Short-Term Incentive	Cash Bonus	Create a strong financial incentive for achieving financial success and for the competitive retention of executives.
Long-Term Incentive	Stock Option and Restricted Stock Grants	Provide incentives to strengthen alignment of executive team interests with Company interests, reward long-term achievement and promote executive retention.
Insurance Benefits	Eligibility to participate in the plan available to our employees, including major medical, dental, life and short-term disability plans.	Plan is part of broad-based employee benefits.

## Insurance Benefits

We offer an insurance package to all eligible employees that includes major medical, dental and life insurance. The life insurance benefit provides for a maximum term payout of \$30,000. This package also provides for a short-term disability benefit with a maximum payout of \$200 per week for a term of up to 13 weeks.

## DEFINED BENEFIT PLANS AND OTHER ARRANGEMENTS

Long-term incentive compensation for executive officers is not included in the Company policy. Accordingly, no awards or payouts have been made. The Company has no retirement or pension plan except for its 1997 and 2004 Employee Incentive Stock Plans described above and the proposed 2009 Employee Incentive Stock Plan described below in Proposal 3: Approval of the Mexco Energy Corporation 2009 Employee Incentive Stock Plan.

## POTENTIAL PAYMENTS UPON A CHANGE OF CONTROL OR TERMINATION

The Company does not have any employment contracts or change of control agreements. However, the Stock Plans do permit accelerated vesting of stock awards in the event of a change of control. Upon termination of employment, stock options held may be exercised to the extent such option was exercisable or in such accelerated basis as the Compensation Committee may determine.

## EXECUTIVE COMPENSATION

The compensation paid to the Named Executive Officers generally consists of base salaries, annual incentive bonus payments and awards under the Stock Plans. The following table summarizes the total compensation awarded to, earned by or paid to the Named Executive Officers during fiscal years 2009, 2008 and 2007.

## **COMPENSATION COMMITTEE REPORT**

To the Stockholders of Mexco Energy Corporation:

The Company's Compensation Committee makes recommendations regarding compensation of the Named Executive Officers, subject to approval of the entire Board of Directors.

Compensation for executive officers is based on the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and grow the Company's business, and to provide rewards which are closely linked to the Company and individual performance.

Executive compensation for all executive officers is based on the performance against a combination of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company's operations. In upholding these financial and non-financial objectives, executives not only contribute to their own success, but also help ensure that the business, employees, stockholders and communities in which we live and work will prosper.

### **PROPOSAL 3: APPROVAL OF THE 2009 EMPLOYEE INCENTIVE STOCK PLAN**

#### **Introduction**

On June 23, 2009, our Board adopted the Mexco Energy Corporation 2009 Employee Incentive Stock Plan (“the 2009 Plan”). The proposed Plan replaces our current 2004 Employee Incentive Stock Plan and 1997 Incentive Stock Plan (which we refer to as the “2004 Plan” and “1997 Plan,” respectively, throughout this Proxy Statement). No further restricted stock or stock option grants will be made under the 2004 Plan or the 1997 Plan, assuming approval of the proposed 2009 Plan. The stockholders are now being requested to approve the 2009 Plan.

The purpose of the 2009 Plan is to further the interests of the Company, its subsidiary, and its shareholders by providing incentives in the form of awards to employees, consultants and nonemployee directors who can contribute materially to the success and profitability of the Company and its subsidiary. These awards will recognize and reward outstanding performances and individual contributions and give participants in the 2009 Plan an interest in the Company parallel to that of the shareholders, thus enhancing the proprietary and personal interest of such participants in the Company’s continued success and progress. The 2009 Plan will support the Company’s and its subsidiary’s ongoing efforts to attract and retain such employees, consultants and non-employee directors.

#### **Summary of the Plan**

The following general description of material features of the 2009 Plan is qualified in its entirety by reference to the provisions of the 2009 Plan set forth in Exhibit A.

##### ***General***

Awards to participants under the Plan may be made in the form of stock options; stock awards in the form of Common Stock or Stock Units, including restricted stock or restricted stock units; or cash awards based on objective performance goals pre-established by the Committee (collectively “Awards”).

##### ***Shares Subject to Plan***

The 2009 Plan provides for the award of up to 200,000 shares of the Company’s Common Stock, including both shares of Common Stock issued plus shares covered by or subject to awards then outstanding under the Plan. The aggregate number of shares under the 2009 Plan, the number of shares covered by each outstanding Award, the grant price or other price of such Awards, the Fair Market Value (as defined below) or other price determinations of such Awards and the Award limitations are subject to adjustment in the event of a stock split or dividend, recapitalization or capital reorganization or certain other corporate transactions. Shares of Common Stock underlying Awards that are forfeited, terminated, settled in cash, exchanged for Awards that do not involve Common Stock or expire unexercised become immediately available for additional Awards under the Plan.

##### ***Administration and Eligibility***

Administration. The Compensation Committee of the Board of Directors (the “Committee”) selects the employees and consultants to whom Awards will be granted and determines the number and type of Awards to be granted to such individual. The Board selects the nonemployee directors eligible to whom Awards will be granted and determines the number and type of Award to be granted to such individual.

Eligibility. All employees, nonemployee directors and consultants of the Company and its subsidiary will be eligible to receive Awards under the Plan if it is approved by stockholders. No determination has been made as to which of those eligible employees, nonemployee directors and consultants will receive grants under the 2009 Plan, and therefore, the benefits to be allocated to any individual or to any group of employees, consultants and nonemployees are not presently determinable.

## ***Employee Awards***

Each Award may be embodied in an agreement containing such terms, conditions and limitations as determined by the Compensation Committee. Awards may be granted singly, in combination or in tandem. Awards to participants may also be made in combination or in tandem with, in replacement of, or as alternatives to, grants or rights under the 2009 Plan or any other employee benefit plan of the Company. All or part of an Award may be subject to conditions established by the Compensation Committee, including continuous service with the Company, achievement of specific business objectives and other comparable measurements of performance.

The type of Awards to employees that may be made under the 2009 Plan are as follows:

***Stock Options.*** The Committee may grant an Award in the form of a stock option. In the case of an option granted to an employee, such option may be either an incentive stock option under section 422 of the Internal Revenue Code or a nonqualified stock option. The Committee determines the exercise price, whether the stock option is intended to qualify as an incentive stock option under the Internal Revenue Code or not and other provisions not inconsistent with the Plan. The grant price of a stock option shall not be less than the “Fair Market Value” of the Common Stock subject to such option at the date of grant. “Fair Market Value” of a share of Common Stock means, as of a particular date, if shares of Common Stock are listed on a national securities exchange, the mean between the highest and lowest sales price per share of the Common Stock on the consolidated transaction reporting system for the principal national securities exchange on which shares of Common Stock are listed on that date, or, if there shall have been no such sale so reported on that date, on the last preceding date on which such a sale was so reported, or, at the discretion of the Committee, the price prevailing on the exchange at the time of exercise or other relevant time (as determined under procedures established by the Committee). The term shall not exceed ten years from the date of grant. Options may not be repriced and may not include provisions that reload the option upon exercise

***Stock Awards.*** The Committee may grant stock awards. Such awards may be subject to such terms, conditions and limitations, not inconsistent with the 2009 Plan, as may be determined by the Committee.

***Cash Awards.*** The Committee may grant cash awards. Such awards may be subject to such terms, conditions and limitations, not inconsistent with the 2009 Plan, as may be determined by the Committee.

***Award Limits.*** No employee may be granted, during any calendar year, options that are exercisable for more than 25,000 shares of Common Stock or stock awards covering more than 25,000 shares of Common Stock.

## ***Consultant Awards***

The Committee shall have the sole responsibility and authority to determine the type or types of Awards to be made to a consultant under the 2009 Plan and the terms, conditions and limitations applicable to such Awards.

## ***Nonemployee Director Awards***

Each Award may be embodied in an agreement containing such terms, conditions and limitations as determined by the Board. Awards may be granted singly, in combination or in tandem. Awards to nonemployee directors may be in the form of options or stock awards. The Board may grant options to nonemployee directors, provided that the options granted to nonemployee directors shall not be incentive stock options. The Board may grant stock awards to nonemployee directors. Any terms, conditions and limitations applicable to any stock award granted to a nonemployee director pursuant to the 2009 Plan, including but not limited to rights to dividend equivalents shall be determined by the Board. Nonemployee directors may not be granted, during any fiscal year, options that are exercisable for more than 25,000 shares of Common Stock or stock awards covering or relating to more than 25,000 shares of Common Stock.

## ***Payment of Awards***

Payment made to a participant pursuant to an Award may be made in the form of cash or Common Stock, or a combination thereof. The Committee may provide for the payment of dividends on shares of Common Stock granted in connection with Awards or dividend equivalents with respect to any shares of Common Stock subject to an award that have not actually been issued under the Award.

## ***Change of Control***

In the event of a “change of control” of the Company as defined in the 2009 Plan, all Awards automatically vest and become exercisable and any restrictions applicable to the Award shall lapse.

## ***Duration; Plan Amendments***

The 2009 Plan has a term of ten years from the date of shareholder approval. The Board may at any time amend, modify, suspend or terminate the 2009 Plan, but in doing so cannot adversely affect any outstanding Award without the grantee's written consent or make any amendment without shareholder approval, to the extent such shareholder approval is required by applicable law or the exchange upon which the shares are traded.

## **Federal Income Tax Consequences**

Set forth below is a brief summary of the federal income tax consequences of awards under the 2009 Plan. This summary is not a complete description of the applicable tax consequences, and it is subject to any changes in applicable tax rules.

**Stock Awards.** A grant of shares of Common Stock or a cash equivalent that is not subject to vesting restrictions will result in taxable income for federal income tax purposes to the recipient at the time of grant in an amount equal to the Fair Market Value of the shares or the amount of cash awarded. The Company would be entitled to a corresponding deduction at that time for the amount included in the recipient's income.

Generally, a grant of shares of Common Stock under the 2009 Plan subject to vesting and transfer restrictions will not result in taxable income to the recipient for federal income tax purposes or a tax deduction to the Company in the year of the grant. Instead, the value of the shares will generally be taxable to the recipient as taxable income in the years in which the restrictions on the shares lapse. Such value will be the Fair Market Value of the shares on the dates the restrictions terminate. Any recipient, however, may elect pursuant to Internal Revenue Code Section 83(b) to treat the Fair Market Value of the shares on the date of such grant as taxable income in the year of the grant of restricted shares, provided the recipient makes the election pursuant to Internal Revenue Code Section 83(b) within 30 days after the date of the grant. In any case, the Company will receive a deduction for federal income tax purposes corresponding in amount to the amount of compensation included in the recipient's income in the year in which that amount is so included.

**Cash Awards.** Cash awards are taxable income to the recipient for federal income tax purposes at the time of payment. The recipient will have taxable income equal to the amount of cash paid, and the Company will have a corresponding deduction for federal income tax purposes.

**Nonqualified Stock Options.** Nonqualified stock options granted under the 2009 Plan will not be taxable to a recipient at the time of grant. Upon the exercise of a nonqualified stock option, the amount by which the Fair Market Value of the shares of Common Stock received, determined as of the date of exercise, exceeds the exercise price will be treated as taxable income received by the Participant in the year of exercise. Generally, the Company will be entitled to a deduction for compensation paid in the same amount treated as compensation received by the Participant.

**Incentive Stock Options.** A recipient of an incentive stock option under the plan will not generally recognize any taxable income for federal income tax purposes upon receipt of an incentive stock option or, generally, at the time of exercise of an incentive stock option, except possibly under the alternative minimum income tax rules. If a Participant exercises an incentive stock option and does not dispose of the shares received in a subsequent "disqualifying disposition" (generally, a sale, gift or other transfer within two years after the date of grant of the stock option or within one year after the shares are transferred to the Participant), the recipient receives long-term capital gains treatment on the difference between the price at which the recipient of the incentive stock option sells the shares of Common Stock and his or her tax basis in the shares (generally the amount paid upon exercise of such options). In the event of a disqualifying disposition, the difference between the Fair Market Value of the shares of Common Stock received on the date of exercise and the exercise price will generally be treated as taxable income in the year of disposition. The Company will not be entitled to a deduction with respect to shares received by a recipient of an incentive stock option upon exercise if the Common Stock received is not disposed of in a disqualifying disposition. If, however, an amount is treated as taxable income to the recipient of an incentive stock option due to a disqualifying disposition, the Company will be entitled to a corresponding deduction in the same amount for compensation paid.

**Deductibility of Awards.** Section 162(m) of the Internal Revenue Code places a \$1,000,000 annual limit on the compensation deductible by the Company paid to certain of its executives. The limit, however, does not apply to "qualified performance-based compensation." The Company believes that awards of stock options and certain other "performance-based compensation" awards under the Plan will qualify for the performance-based compensation exception to the deductibility limit.

**Deferred Compensation.** Any deferrals made under the 2009 Plan, including awards granted under the 2009 Plan that are considered to be deferred compensation, must satisfy the requirements of Section 409A of the Internal Revenue Code to avoid adverse tax consequences to participating recipients. These requirements include limitations on election timing, and acceleration of payments and distributions. The Company intends to structure any deferrals and awards under the 2009 Plan to meet the applicable tax law requirements.

*Other Tax Consequences.* State tax consequences may in some cases differ from those described above. Awards under the 2009 Plan will in some instances be made to persons who are subject to tax in jurisdictions other than the United States and may result in tax consequences differing from those described above.

### **STOCKHOLDERS PROPOSALS FOR NEXT ANNUAL MEETING**

The next Annual Meeting of the Company's stockholders is scheduled to be held on September 14, 2010. Appropriate proposals of stockholders intended to be presented at the 2010 Annual Meeting must be received by Ms. Donna Gail Yanko, Secretary, no later than March 31, 2010, in order to be included in the Company's Proxy Statement and form of Proxy relating to such meeting.

In addition, the Company's policy has established advance notice procedures to shareholders proposals not included in the Company's proxy statement, to be brought before an Annual Meeting. In general, the Secretary of the Company must receive notice of any such proposal not less than 80 days prior to the date of the Annual Meeting at the address of the Company's principal executive offices above. Such notice must include the information which would be required to be included in the proxy statement filed pursuant to the rules of the Securities and Exchange Commission had the proposal been made by the Board of Directors.

### **HOUSEHOLDING**

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such beneficial stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our corporate secretary at our principal executive office mailing address, P.O. Box 10502, Midland, Texas 79702, telephone number (432) 682-1119. We will deliver, promptly upon written or oral request to the corporate secretary, a separate copy of the 2009 Annual Report and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered.

### **OTHER MATTERS**

Management knows of no other business which will be presented at the Annual Meeting other than as explained herein. The Board of Directors of the Company has approved a process for collecting, organizing and delivering all stockholder communications to each of its members. To contact all directors on the Board, all directors on a Board committee or an individual member or members of the Board of Directors, a stockholder may mail a written communication to: Mexco Energy Corporation, Attention: Assistant Secretary, P.O. Box 10502, Midland, Texas 79702. All communications received in the mail will be opened by the Company's Assistant Secretary for the purpose of determining whether the contents represent a message to the Board of Directors. The contents of stockholder communications to the Board of Directors will be promptly relayed to the appropriate members. The Company encourages all members of the Board of Directors to attend the Annual Meeting of stockholders.
