In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegraph by officers, directors and other employees of the Company, who will not receive additional compensation for such services. The Company may also request brokerage houses, nominees, custodians and fiduciaries to forward the soliciting material to the beneficial owners of stock held of record and will reimburse such persons for forwarding such material. The Company will bear the cost of this solicitation of proxies. Such costs are expected to be nominal. Proxy solicitation will commence with the mailing of this Proxy Statement on or about July 25, 2008.

Any stockholder giving a proxy has the power to revoke the same at any time prior to its exercise by executing a subsequent proxy or by written notice to the Secretary of the Company or by attending the meeting and withdrawing the proxy.

### **PURPOSE OF MEETING**

As stated in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, the business to be conducted and the matters to be considered and acted upon at the annual meeting are as follows:

1. Electing Directors of the Company;
2. Considering and voting upon a proposal to appoint Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2009; and
3. Considering all other matters as may properly come before the meeting.

### **VOTING RIGHTS**

The voting securities of the Company consist solely of common stock, par value \$0.50 per share ("Common Stock").

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on July 18, 2008, at which time there were 1,864,866 shares of Common Stock entitled to vote at the meeting. Stockholders are entitled to one vote, in person or by proxy, for each share of Common Stock held in their name on the record date.

Stockholders representing a majority of the Common Stock outstanding and entitled to vote must be present or represented by proxy to constitute a quorum.

All proposals will require the affirmative vote of a majority of the Common Stock present or represented by proxy at the meeting and entitled to vote thereon. Cumulative voting for directors is not authorized.

Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining whether a quorum is present. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will be treated as not present at the meeting and not entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter from which abstained.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded from the vote and will have no effect. Broker non-votes and other limited proxies will have no effect on the outcome of the election of directors.

With regard to the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2009, an abstention will have the same effect as a vote against the proposal. Broker non-votes and other limited proxies will have no effect on the outcome of the vote with respect to any of such proposals.

If the enclosed Proxy is properly executed and returned prior to the Annual Meeting, the shares represented thereby will be voted as specified therein. IF A SHAREHOLDER DOES NOT SPECIFY OTHERWISE ON THE RETURNED PROXY, THE SHARES REPRESENTED BY THE SHAREHOLDER'S PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED BELOW UNDER "ELECTION OF DIRECTORS", FOR THE APPOINTMENT OF GRANT THORNTON LLP AND ON SUCH OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

## EMPLOYEE INCENTIVE STOCK OPTION PLANS

The Company has two equity compensation plans: the 1997 Employee Incentive Stock Plan (the "1997 Plan") and the 2004 Employee Incentive Stock Plan (the "2004 Plan") (collectively, the "Stock Plans").

The 1997 Plan provides for distribution, 350,000 shares of authorized but unissued common stock of the Company. Awards, granted at the discretion of the Compensation Committee of the Board, included stock options and restricted stock. Stock options were incentive stock options or non-qualified stock options. The exercise price of each option was not to be less than the market price of the Company's stock on the date of grant. The maximum term of the options is ten years.

The 2004 Plan replaces, modifies and extends the termination date of the existing stock option plan to September 14, 2009. The 2004 Plan provides for the award of stock options up to 375,000 shares of which 125,000 may be the subject of stock grants without restrictions and without payment by the recipient and stock awards of up to 125,000 shares with restrictions including payment for the shares and employment of not less than three years from the date of the award. The terms of the stock options are similar to those of the 1997 Plan except that the term of the options is five years from the date of grant.

Restricted stock was to be granted with a condition to attain a specified goal. The purchase price was to be at least \$5.00 per share of restricted stock. The awards of restricted stock were to be accepted within sixty days and vest as determined by agreement. Holders of restricted stock were to have all rights of a shareholder of the Company. At March 31, 2008, no restricted stock had been granted under either plan.

Although shares are available under the 1997 Plan, we do not intend to issue shares from this plan in the future.

The Company does not have any employment contracts or change of control agreements. However, the Stock Plans do permit accelerated vesting of stock awards in the event of a change of control.

## **COMPENSATION DISCUSSION & ANALYSIS**

### **Overview of Compensation Program**

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and monitoring adherence to our compensation philosophy. The Compensation Committee seeks to provide total compensation paid to our executive officers that is fair, reasonable and competitive.

In this compensation discussion and analysis, the executive officers named below who are current employees, with the exception of Nicholas C. Taylor, are referred to as the "Named Executive Officers."

Nicholas C. Taylor	Chief Executive Officer, President
Tamala L. McComic	Chief Financial Officer, Vice President, Treasurer, Assistant Secretary
D. Gail Yanko	Vice President, Secretary

### **Compensation Philosophy and Objectives**

The Compensation Committee believes that compensation for executive officers should be based upon the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and make the Company grow, reward successful performance and closely align the interests of our executives with the Company. The ultimate objective of our compensation program is to improve stockholder value.

In setting compensation levels, the Compensation Committee evaluates both performance and overall compensation. The review of executive officers' performance includes a mix of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company's services and operations.

In order to continue to attract and retain the best employees, the Compensation Committee believes the executive compensation packages provided to the Named Executive Officers should include both cash and stock-based compensation.

The Compensation Committee has not retained a compensation consultant to review the compensation practices of the Company's peers or to advise the Compensation Committee on compensation matters.

## Competitive Considerations

We believe the competition for talented employees goes well beyond the industry to include oil and gas exploration and development companies and oilfield service companies. Many of the companies with whom we compete for top level talent are larger and have more financial resources than we do. Both our Compensation Committee and Chief Executive Officer (“CEO”) consider known information regarding the compensation practices of likely competitors when reviewing and setting the compensation of the Named Executive Officers.

## Role of Chief Executive Officer in Compensation Decisions

On an annual basis, our CEO reviews the performance of each of the other Named Executive Officers and, based on this review, makes recommendations to the Compensation Committee with respect to the compensation of the Named Executive Officers. The CEO considers internal pay equity issues, individual contribution and performance, competitive pressures and company performance in making his recommendations to the Compensation Committee. The Compensation Committee may accept or adjust such recommendations.

## Establishing Executive Compensation

Consistent with our compensation objectives, the Compensation Committee has structured our annual and long-term incentive-based executive compensation to attract and retain the best talent, reward financial success and closely align executives’ interests with the Company’s interests. In setting the compensation, the Compensation Committee reviews total direct compensation for the Named Executive Officers, which includes salary, annual cash incentives and long-term equity incentives. The appropriate level and mix of incentive compensation is not based upon a formula, but is a subjective determination made by the Compensation Committee.

We do not have a policy of stock ownership requirements. In addition, we do not have any employment contracts or change of control agreements.

The Compensation Committee reviews compensation matters from time to time during the year. The Compensation Committee usually performs its annual review of officer salaries during the first quarter of each fiscal year.

## Elements of Compensation

<u>Element</u>	<u>Form of Compensation</u>	<u>Purpose</u>
Base Salary	Cash	Provide competitive, fixed compensation to attract and retain executive talent.
Short-Term Incentive	Cash Bonus	Create a strong financial incentive for achieving financial success and for the competitive retention of executives.
Long-Term Incentive	Stock Option and Restricted Stock Grants	Provide incentives to strengthen alignment of executive team interests with Company interests, reward long-term Achievement and promote executive retention.

## COMPENSATION COMMITTEE REPORT

To the Stockholders of Mexco Energy Corporation:

The Company's Compensation Committee makes recommendations regarding compensation of the Named Executive Officers, subject to approval of the entire Board of Directors.

Compensation for executive officers is based on the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and grow the Company's business, and to provide rewards which are closely linked to the Company and individual performance.

Executive compensation for all executive officers is based on the performance against a combination of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company's operations. In upholding these financial and non-financial objectives, executives not only contribute to their own success, but also help ensure that the business, employees, stockholders and communities in which we live and work will prosper.

### REPORT OF THE AUDIT COMMITTEE

To the Stockholders of Mexco Energy Corporation:

It is the responsibility of the members of the Audit Committee to contribute to the reliability of the Company's Financial Statements. In keeping with this goal, the Board of Directors adopted a written charter to govern the Audit Committee. The Audit Committee is satisfied with the adequacy of the charter based upon its evaluation of the charter during fiscal 2008. The Audit Committee met four times during fiscal 2008. The current members of the Audit Committee are independent directors.

The Audit Committee has reviewed and discussed the Company's audited financial statements with management. It has also discussed with the independent auditors the matters required to be discussed by Statement on Accounting Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. Additionally, the Audit Committee has received the written disclosures and the letter from the independent auditors at Grant Thornton LLP, as required by Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent auditors that firm's independence from the Company and its management. The Audit Committee has concluded that non-audit services provided by Grant Thornton LLP do not result in conflict in maintaining that firm's independence.

Audit fees billed to the Company by Grant Thornton LLP for the audit of the Company's annual financial statements and the review of those financial statements included in the Company's quarterly reports on Form 10-Q totaled \$91,339 during the Company's 2008 fiscal year. The Company has obtained no other services from Grant Thornton LLP.

Based on reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements for fiscal 2008 be included in the Company's Annual Report on Form 10-K.

## STOCKHOLDERS PROPOSALS FOR NEXT ANNUAL MEETING

The next Annual Meeting of the Company's stockholders is scheduled to be held on September 15, 2009. Appropriate proposals of stockholders intended to be presented at the 2009 Annual Meeting must be received by Ms. Donna Gail Yanko, Secretary, no later than March 7, 2009, in order to be included in the Company's Proxy Statement and form of Proxy relating to such meeting.

In addition, the Company's policy has established advance notice procedures to shareholders proposals not included in the Company's proxy statement, to be brought before an Annual Meeting. In general, the Secretary of the Company must receive notice of any such proposal not less than 80 days prior to the date of the Annual Meeting at the address of the Company's principal executive offices above. Such notice must include the information which would be required to be included in the proxy statement filed pursuant to the rules of the Securities and Exchange Commission had the proposal been made by the Board of Directors.

## **HOUSEHOLDING**

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such beneficial stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our corporate secretary at our principal executive offices, 214 West Texas Avenue, Suite 1101, Midland, Texas 79701, telephone number (432) 682-1119. We will deliver, promptly upon written or oral request to the corporate secretary, a separate copy of the 2008 Annual Report and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered.

## **OTHER MATTERS**

Management knows of no other business which will be presented at the Annual Meeting other than as explained herein. The Board of Directors of the Company has approved a process for collecting, organizing and delivering all stockholder communications to each of its members. To contact all directors on the Board, all directors on a Board committee or an individual member or members of the Board of Directors, a stockholder may mail a written communication to: Mexco Energy Corporation, Attention: Assistant Secretary, 214 West Texas, Suite 1101, Midland, Texas 79701. All communications received in the mail will be opened by the Company's Assistant Secretary for the purpose of determining whether the contents represent a message to the Board of Directors. The contents of stockholder communications to the Board of Directors will be promptly relayed to the appropriate members. The Company encourages all members of the Board of Directors to attend the Annual Meeting of stockholders.
